

V KEERTHAN BHOJGADE

The role you are applying for?

+916361395988 keerthanbhojgade@gmail.com Mysore, India 570026

SUMMARY

- MSc AI/ML student with hands-on experience in Python, SQL, machine learning, and data analysis. Built projects in computer vision and predictive modeling, and completed internships in data analysis and web development. Passionate about applying AI to solve real-world problems.

EDUCATION

Master of Science in Computer Science (AI/ML)

JSS Science And Technology University

Mysore, Karnataka

09/2025 - Present

Bachelor of Computer Applications

Sapient College of Commerce and Managment, Mysore University

Mysore, Karnataka

07/2021 - 07/2025

TRAINING / COURSES

Data Analysis with Python, SQL and Power BI – A Cube Tech Skills (2025)

Certification Program in Artificial Intelligence and Machine Learning – IIT Guwahati Credit Linked Program (2025)

Supervised Machine Learning: Regression and Classification – DeepLearning.AI & Stanford University (2025)

SKILLS

Python, SQL, Machine Learning, Data Analysis, Scikit-learn, Pandas, NumPy, OpenCV, Power BI, Git

PROJECTS

Online Purchase Intent Prediction

Date period

Location

Built a real-time facial expression analysis system using Python and OpenCV. Used facial landmark distance calculations and webcam frame processing to classify expressions.

- Successfully built a full-stack e-commerce platform that enables product browsing, cart management, secure checkout, and order processing through an intuitive user interface.

Global Conflict Risk Analytics using Big Data

Date period

Location

Built a Global Conflict Intelligence Dashboard using Python, Streamlit, and Scikit-learn to analyze economic, political, and conflict data. Integrated datasets from the World Bank, V-Dem, and UCDP to visualize and predict country-level conflict risk.

- Successfully developed an interactive machine learning dashboard that integrates global economic, political, and conflict datasets to visualize and predict country-level conflict risk.

EXPERIENCE

Data Analyst Trainee

Location

A Cube Tech Skills

Date period

Technical training institute specializing in data analysis, programming and business intelligence tools such as Python, SQL and Power BI.

- Performed data cleaning, preprocessing and analysis using Python and SQL, and created Power BI dashboards to visualize trends and insights.

Python & Web Development Intern

Location

Skill UP Academy

Date period

Technology training and internship provider offering practical experience in Python programming and web development.

- Contributed to responsive web interfaces and helped troubleshoot functionality issues.
- Supported implementation and testing of project modules to ensure reliable performance.
